Controls on Reservoir Geometry and Distribution, Tantawan Field, Gulf of Thailand <i>Atchara Praidee</i>	1-10
Sand Body Architecture and Seismic Facies Analysis in Nong Yao Area, Pattani Basin, Gulf of Thailand <i>Chalermrat Norkham</i>	11-16
Mapping of Middle Miocene Reservoir Sands and Subtle Faults to Understand Reservoir Compartmentalization in Erawan Field of Pattani Basin, Gulf of Thailand <i>Chatchai Inthana</i>	17-28
Study of a Mass Transport Complex, South Makassar Strait Basin Indonesia <i>Cipi Armandita</i>	29-39
A study of Reservoir Connectivity in the Platong Field, Pattani Basin, Gulf of Thailand <i>Hathairat Rhoenthon</i>	40-49
Diagenetic Evolution of “Buried-Hill” Carbonate Reservoir Analogs in Outcropping Permian Carbonates, Saraburi Province, Thailand <i>Jakkrich Yingyuen</i>	50-62
Different Types of Organic-Rich Geological Markers in the Sub-Surface in the North Pailin Field, Pattani Basin, Gulf of Thailand <i>Jirach Kamvan</i>	63-68
Contrasting Depositional and Diagenetic Complexity in Deep and Shallow Water Successions in the Permian Carbonates of Pak Chong Region, Central Thailand <i>Maryam Mirzaloo</i>	69-79
Quantitative Seismic Geomorphology of Early Miocene to Pleistocene Fluvial System of Northern Songkhla Basin, Gulf of Thailand <i>Oanh Thi Tran</i>	80-88
Structural and Diagenetics Contrasts Across a Duplex in Deformed Permian Carbonates in the Saraburi of Central Thailand <i>Patcharin Khositchaisri</i>	89-98
Sedimentology, Stratigraphy and Reservoir Quality in Outcrop Fluvial Sandstone, Khorat Group, Thailand <i>Quang Hong Le</i>	99-108

Depositional Environments and Stratigraphic Development of the Grand Taman Sari Circuit Outcrop: an Analogue for Transgressive Mahakam Delta Successions <i>Ridha Santika Riadi</i>	109-114
Evaluation of the Petroleum Systems in the Lanta-Similar Area, Northern Pattani Basin, Gulf of Thailand <i>Sirajum Munira</i>	122-130
Architecture and Depositional Environment of Fluvial Systems of Southern Songkhla Basin, Gulf of Thailand <i>Toan Manh Do</i>	131-141
